The Board of Directors

Re item 4.3 on the agenda**General guidelines for the company's remuneration of members of the Board of Directors and the Executive Management****Board of Directors**

Members of the Board of Directors receive a fixed annual fee. The chairman and deputy chairman of the Board of Directors receive a supplement to this fee. The amounts of fees and supplements are approved by the shareholders in general meeting and disclosed in the annual report. Fees are fixed on the basis of fees paid by other companies. Members of the Board of Directors receive no incentive pay.

Executive Management

The Chairman and Deputy Chairman perform an annual review of the remuneration paid to members of the Executive Management. The remuneration paid to members of the Executive Management consists of a fixed and a variable component. The fixed pay consists of a net salary, pension contribution and other benefits. The value of each of those components for each member of the Executive Management is disclosed in the annual report. As an element of the variable pay, members of the Executive Management may receive an annual bonus, subject to the achievement of certain benchmarks. The bonus proportion may vary among the members of the Executive Management, but is subject to a maximum of 25% of their annual remuneration. The actual bonus paid to each member of the Executive Management is disclosed in the Annual Report. At the date of adoption of these guidelines, the bonus benchmarks are based on growth and profitability, but they may be changed by the Board of Directors. Any such change will be communicated in a company announcement.

Another element of the variable pay is made up of options and is intended to ensure that the Executive Management's incentive correlates with the long-term creation of shareholder value. For that same reason, the option plan is revolving and not subject to the achievement of defined benchmarks.

Members of the Executive Management are awarded a number of options each year with a value equal to a maximum of 40% of the Executive Management's remuneration. The value is calculated in accordance with the Black-Scholes formula. Options are awarded at a strike price which is 5% higher than the market price at the award date calculated as the average price of all trades on the last trading day of the calendar year. The options have a term of five years and are exercisable after three years. The number of options awarded to each member of the Executive Management and their value is disclosed in the annual report. Options in the Executive Management share option plan are covered by the company's holding of treasury shares.

In addition, the Chairman and Deputy Chairman of the Board perform an annual review of the remuneration paid to members of the Executive Management relative to the managements of other Danish companies.
