Active

Wound care market growth - European MWH

- European market growth for moist wound healing technologies is declining; rapid decline in market growth for silver dressings
- Coloplast is gaining market shares in the silver dressings market; in the market for traditional MWH dressings, Coloplast's market share is under pressure

Wound care market growth by segments

Breast care

- For women who have had their breast removed, typically due to breast cancer
- Attached, lightweight and soft breast forms, partial breast shapers, lingerie and swimwear
- Sales up through new product introductions. Growth in both the European and US markets
- Incidence of cancer in women is increasing, but number of breast-saving surgeries increasing as well, resulting in overall market decline
